<b>Footnotes:</b> <sup>1</sup> Hospital Cost Category (surgeon fee not included): \$ = Hospitals in the lowest 25% of costs. Cost = less than \$5,456. \$\$ = Hospitals in the middle 50% of costs. Cost = \$5,456 - \$8,806. \$\$\$ = Hospitals in the highest 25% of costs. Cost = greater than \$8,806. <sup>2</sup> Surgeons are not individually listed if they performed fewer than 10 procedures statewide. <b>Technical notes:</b> DHCFP Hospital Discharge Data and 403 Hospital Cost Report. Cost reported at the hospital organization level. Hospital corrections to the DHCFP Hospital Discharge Data have been included.  Volume was determined based on discharges with ICD-9-CM procedure code of 60.5 – radical prostatectomy. Note that hospital volume was determined by the presence of this procedure code in <b>any</b> of the procedure fields whereas physician volume was determined by the presence of this procedure code in the <b>primary</b> procedure field only.
